# Invoice Finance Product Sheet

NovaCashFlowFinance

1. Turn unpaid customer invoices into readily available cash. No More Waiting. Our Invoice Finance solution puts your money in your hands when you need it, without delays.
2. Say goodbye to waiting for customers to pay invoices. We provide an advance on your outstanding invoices, so you can focus on running your business without cash flow interruptions.

## 1 Immediate Cash Flow

Access up to 85% of your unpaid invoices within 24 hours. Say goodbye to long payment cycles and late paying customers. Use the freed-up cash to cover payroll, invest in growth, or seize new opportunities.

## 2 No Additional Debt

Invoice Finance is not a loan. It's a smart way to leverage your accounts receivable without taking on additional debt.

## 3 Focus on your core business

Ease the administrative burden of receivables management payments and focus on core business activities.

## 4 No Personal Collateral:

Real Estate usually not required.

## 5 Maintain Customer Relationships:

Don't worry about customer relationships suffering. You continue to manage customer interactions and collections while we handle the financing

## Ideal Clients

Novaoffersindustry- agnostic invoice finance solutions tailored for B2B clients seeking funding ranging from **$50,000 to $2 million.**

To be considered for Nova Invoice Finance Customer Invoices need to be;

1. **Assignable** - will the customer assign the invoices to Nova?
2. **Verifiable** - can Nova verify each invoice?
3. **Insurable -** Our primary concern is the credit of the debtor rather than the client (a weak client, may have strong debtors).
